PROFESSIONAL SUMMARY

Creative Video Editor and Filmmaker specializing in cinematic storytelling, high-impact video editing, visual effects, motion graphics, and professional color grading. Skilled in transforming raw footage into compelling visual narratives with precision cuts, dynamic pacing, intentional visual composition, and immersive sound design. Experienced collaborating with multiple marketing teams, creative agencies, and college clubs to deliver high-retention content across digital and social platforms.

PROFESSIONAL EXPERIENCE

Video Editor & Creative Media Contributor

Multiple Marketing Teams & Project-Based Collaborations

- Collaborated with diverse marketing and brand teams to plan, edit, and deliver high-converting promotional and social media video content.
- Transformed raw multicam and single-camera footage into polished cinematic narratives utilizing precise cuts, dynamic pacing, and custom color grading.
- Engineered retention-optimized edits for YouTube, Instagram Reels, and short-form video campaigns to maximize audience engagement.
- Adapted video outputs to distinct creative briefs, strict brand identity guidelines, and multi-platform aspect ratios (16:9, 9:16, 1:1).
- Produced college club creative assets, event recap videos, and promotional teasers from concept through final export.

SELECTED PORTFOLIO PROJECTS

Cinematic Mountain

CINEMATOGRAPHY & COLOR GRADING

Exploration film blending outdoor videography, dynamic camera angles, and moody color grading.

University Fest Aftermovie

CINEMATIC & EVENT VIDEOGRAPHY

High-energy aftermovie documenting live campus events through rhythm-matched cuts and sound design.

Smooth Cutout Edit

YOUTUBE VIDEO PRODUCTION

High-retention editing project utilizing seamless cutout transitions and layered visual presentation.

Fast Effect & Frame Zero

VFX & SHORT-FORM REELS

Short-form vertical video projects emphasizing rapid visual effects pacing, motion tracking, and audio hooks.

CORE CREATIVE SERVICES

- **Cinematic Video Editing:** Narrative pacing, audio mixing & soundscapes, 4K/8K workflow management.
- **Motion Graphics & VFX:** Custom kinetic typography, motion tracking, lower thirds, and logo animation.
- **Social Growth Editing:** Retention-engineered hooks, trend audio sync, and vertical micro-storytelling.
